

Colouring Concept

Featuring uniquely long, futuristic proportions, a large integral rear boot, a broad, comfortable tandem seat, and the quiet yet responsive power of a 4-stroke single-cylinder engine, the CN250 never fails to attract attention on the urban scene.

The accessorized version will surely emphasize this and can only contribute to the CN250's status of 'userfriendliness with elegance and style.'

Its two colour variations include a rich candy red and a pearlescent green that both emphasize this long-popular luxury scooter's metropolitan feel.

Colours

- Candy Wineberry Red
- Pearl Sierra Green
