

**Colouring Concept**

Urban scrambler excitement is the name of the game with the NX125. Its sleek, fully integrated fairing complements a go-anywhere frame design to make the NX feel right at home wherever the roads lead. Its colour variations for this year include a rich two-tone metallic grey on black and an attractive combination of metallic red hues that give the NX an air of crisp city charm on both the boulevards and the back streets.

**Colours**

- Black  
(with Meteor Grey Metallic)
- Radiant Red Metallic  
(with Mystery Red Metallic)
