

Colouring Concept

The wild-looking SLR650 stands out in three single-colour variations that extend to both its painted fuel tank and moulded plastic fenders. A brilliant yellow gives the SLR a fresh, lively look that contrasts boldly with the purple and black of its logo, seat cover and rear carrier. Solid black gives the SLR a chic cosmopolitan flavour that is attractively highlighted by its chrome and metal parts, and

stylishly complemented by a grey and black two-tone seat. A new mediterranean-hued green appeals to the senses of both rider and admirers with a light and active playbike image.

Moulded matte-black sidecovers provide a stylish base tone that gives a strong visual emphasis to all the colour variations while helping to shield passenger legs from the heat of the exhaust system.
