VT1100C2 SHADOW AMERICAN CLASSIC EDITION

Colouring Concept

The combination of classic American custom styling and proven Honda technology and attention to detail have made the easy-going VT1100C2 Shadow American Classic Edition one of the most popular V-Twins in the world.

For 1998, three gorgeous two-tone paint schemes further enhance its unmistakable custom quality with a striking new pattern that is uniformly used in all variations. Two have their roots in the American West: A ruggedly elegant Pearl Sedona Red carries over from the

previous year, and is joined by a striking new Pearl Canyon Copper variation. Both are elegantly offset with delicious panels of off-white Pearl Ivory Cream. In the third variation, a luscious green on black exudes a stylish urban chic that accentuates the American Classic Edition's robust proportions.

Colours

- Pearl Sedona Red (with Pearl Ivory Cream)
- Pearl Canyon Copper (with Pearl Ivory Cream)
- Black (with Pearl Jade Green)

New Features

- Improved handlebar area layout for a cleaner, more uncluttered look.
- New front and rear suspension settings give stronger emphasis to the Shadow's custom-like riding feel.
- New front brake disc rotor without ventilation holes.
- Sub-aircleaner mount changed for improved external appearance.
- Modified passageways for engine oil and water.
- New colour variations.
