

VT750C2 SHADOW AMERICAN CLASSIC EDITION

Colouring Concept

The traditional design and unmistakable presence of the VT750C2 Shadow is perfectly expressed in three eye-catching colour schemes.

Deep, rich black reflects all the colours of the night and all the dreams of the rider. In its two-tone variations, understated pearlescent green is carried over from last year, contrasted with a quiet ivory to retain its traditional, adult image, and an all-new pearlescent purple glistens with metallic silver patches that give this Shadow a thoroughly modern sheen.
