

Colouring Concept

With its easy-going American Standard proportions offering wide appeal, the friendly and versatile CB250 returns to provide a convenient and comfortable way for virtually anyone to get around. Carried over unchanged from the current year, its three colour variations include a lively metallic red that exudes a light-hearted image, an attractive metallic bluish-green that reflects multi-coloured highlights, and a solid black that expresses the CB250's strong urban orientation.

Colours

- Eminence Red Metallic
- Tasmania Green Metallic
- Black
