## X8R-S (SUPER SPORT)

### Colouring Concept

With its high-tech cast aluminium monocoque frame and aggressive bodywork featuring bug-eye 'Kabuki-look' headlights, the lively X8R-S stands out on the street scene with fantastic styling and aggressive performance.

For '99, the Super Sport features four wild colour variations and graphic patterns that strongly emphasize its distinctive brand of riding enjoyment. While the wrinkle-finish silver paint of its exposed monocoque frame backbone emphasizes its high-tech orientation, the Super Sport's solid black wheels place an accent on its strong, aggressive feel.
