

CB Seven-Fifty

Colouring Concept

The standard issue CB Seven-Fifty continues to win admirers far and wide with its 'back to basics' combination of a traditional air-cooled 750cc inline 4-cylinder engine with a strong, steel tube frame and modern, responsive suspension and brakes. Providing a full-powered rush of exhilarating performance at the twist of its throttle, the CB Seven-Fifty accentuates the simple pleasures of riding with an all-round orientation that never fails to satisfy, whether commuting long distances to work, running errands around town or just out enjoying a leisurely ride down a lonely road.

The year 2001 sees the CB Seven-Fifty out on the road in two attractive colour variations that both carry over from the previous year. First is a stunning solid black that provides a sleek urban backdrop to the shine of the CB's polished chrome and brushed aluminium components. The second is a light and lively candy red that gorgeously accentuates the CB's muscular lines.

Colours

- Black
- Candy Glory Red

New Features

- New conventional configuration rear dampers.
- New black-painted crankcase & cylinder head covers.

CB Seven-Fifty

Specifications

Specifications

CB Seven-Fifty (ED-type) (95/1/EC-values)

Engine	Air-cooled 4-stroke 16-valve DOHC inline-4
Bore × Stroke	67 × 53mm
Displacement	747.4cm ³
Compression Ratio	9.3 : 1
Carburettors	34mm VE-type × 4
Max. Power Output	53kW/8,500min ⁻¹
Max. Torque	61Nm/7,500min ⁻¹
Ignition	Fully transistorised electronic
Starter	Electric
Transmission	5-speed
Final Drive	'O'-ring sealed chain
Dimensions (L×W×H)	2,155 × 780 × 1,100mm
Wheelbase	1,495mm
Seat Height	795mm
Ground Clearance	130mm
Fuel Capacity	20 litres
Wheels	Front/Rear 6-spoke cast aluminium
Tyres	Front 120/70ZR-17, 120/70R-17 58V Rear 150/70ZR-17, 150/70R-17 69V
Suspension	Front 41mm air-assist RTFVIII fork, 130mm axle travel Rear Dual conventional remote reservoir dampers with adjustable spring preload, 110mm axle travel
Brakes	Front 296mm dual hydraulic disc with dual-piston callipers Rear 240mm hydraulic disc with single-piston calliper
Dry Weight	215kg
