

# City Fly

## Colouring Concept

The light and nimble City Fly flits through the crush of crowded city streets like it was born to them. Its spare and simple 'urban scrambler' design combines sleekly sculpted lines and a comfortable riding position with a long-travel, off-road-oriented suspension system that ensures agile handling and versatile control in virtually all riding situations. Its compact yet powerful 4-stroke single-cylinder engine delivers a zesty blend of performance and confidently easy operation that makes fast friends of the young and young at heart wherever it goes.

For 2001, the City Fly zips through town in two exciting colour variations that all carry over from the previous year. First down the road is a deep metallic blue that gives the City Fly a self-assured look of urban style. Following this is a rich solid black further distils the City Fly's sense of class with quiet refinement. Only applied to the City Fly's front fender and tail cowl, these colours provide a stylish contrast to the dark silvery colour of its fuel tank and forward seat insert, as well as the polished sheen of its upswept muffler.

## Specifications

### Specifications

### City Fly (ED-type) (95/1/EC-values)

Engine	Air-cooled 4-stroke OHC single
Bore × Stroke	56.5 × 49.5mm
Displacement	124.1cm <sup>3</sup>
Compression Ratio	9.2 : 1
Carburettor	20mm piston valve type
Max. Power Output	8.4kW/8,250min <sup>-1</sup>
Max. Torque	10.4Nm/6,750min <sup>-1</sup>
Ignition	Capacitor Discharge (CDI)
Starter	Electric
Transmission	5-speed
Final Drive	'O'-ring sealed chain
Dimensions	(L×W×H) 2,070 × 780 × 1,135mm
Wheelbase	1,380mm
Seat Height	815mm
Ground Clearance	260mm
Fuel Capacity	12 litres (including 3.1-litre reserve)
Wheels	Front/Rear Steel rim/wire spokes
Tyres	Front 90/90-19 52P Rear 110/90-17 60P
Suspension	Front 37mm telescopic fork, 162mm axle travel Rear Pro-Link with stepless adjustable spring preload, 128mm axle travel
Brakes	Front 240mm hydraulic disc with dual-piston calliper and resin mould pads Rear 110mm leading/trailing drum with resin mould linings
Dry Weight	118kg
