

Foresight

Colouring Concept

With its luxurious combination of sleek, aerodynamic styling, smooth, comfortable handling and remarkably spacious carrying capacity, the swift and stylish Foresight effortlessly negotiates its passage through dense urban traffic to provide a delightfully relaxing alternative to both cars and big bikes in wide range of urban riding applications, from daily commutes to leisurely wanderings. Powered by a smooth and quiet, large-displacement engine that delivers powerful, motorcycle-like performance, the Foresight provides easy, confident control and lasting comfort for a deeply satisfying riding experience.

The year 2001 sees the Foresight reassert its command over Europe's city streets in four all-new colour

variations that complement its superb quality of construction with distinctive hues of timeless elegance. Leading the advance is a brilliant, new metallic silver that strongly emphasises the Foresight's prestigious position in the higher-end segment of the scooter class. Next, a pale metallic blue reinforces the Foresight's exclusive appeal to discerning riders and people on the go. Following this, a businesslike metallic grey complements the Foresight's graceful lines with a quiet cosmopolitan confidence, while a dark metallic blue broadens the Foresight's appeal with an accent on its well-rounded disposition. All variations feature rugged resin lower cowls and body parts moulded in complementary colours.

Colours

- Accurate Silver Metallic
- Ice Blue Metallic
- Cynos Grey Metallic
- Cyclone Blue Metallic

New Features

- New colour variations.

Foresight

Specifications

Specifications

Foresight (ED-type) (95/1/EC-values)

Engine	Liquid-cooled 4-stroke OHC single
Bore × Stroke	72.7 × 60mm
Displacement	249.4cm ³
Compression Ratio	10.5 : 1
Carburettor	30mm CV type (VE3BA)
Max. Power Output	14.1kW/7,000min ⁻¹
Max. Torque	21.0Nm/5,500min ⁻¹
Ignition	Fully transistorised electronic
Starter	Electric
Transmission	V-Matic
Dimensions (L×W×H)	2,070 × 735 × 1,425mm
Wheelbase	1,450mm
Seat Height	745mm
Ground Clearance	140mm
Fuel Capacity	12 litres
Wheels	Front 12 × MT2.75 cast aluminium alloy Rear 12 × MT3.50 cast aluminium alloy
Tyres	Front 110/90-12 64J (tubeless) Rear 130/70-12 62L (tubeless)
Suspension	Front 33mm telescopic fork, 100mm cushion stroke, 88.7mm axle travel Rear Single damper unit swingarm, 120mm cushion stroke, 96.2mm axle travel
Brakes	Front 240mm hydraulic disc with Combined three-piston calliper, drilled rotor and resin mould pads Rear 220mm hydraulic disc with single-piston calliper and resin mould pads
Dry Weight	150kg
