

# SJ50 BALI

## Colouring Concept

Built with larger proportions for a more roomy and comfortable ride, the easy-riding BALI sets the standards for luxury and style in class. Offering ample carrying capacity and plenty of room to move, the BALI's sleek, sophisticated style and superb quality of construction ensure the utmost in riding satisfaction, whether commuting long distances to work or simply enjoying a day out on the town.

For 2001, the BALI features the same three delicious colour variations that graced its curves the previous year. Leading the way is chic metallic

black that exudes an exclusive air of mature urban sophistication. Next up, a lush pearlescent green blends into the city scene with the grace and style, accentuating its ample creature comforts with quiet prestige. Last but not least, a gorgeous metallic blue imitates the stars in the evening summer sky with a breathtaking brilliance and superb quality of execution. All these colours are highlighted by resin lower cowls and body parts moulded in complementary matching colours, and offset by attractively gradated stripes running the lengths of the BALI's sides.

### Colours

- Mute Black Metallic
- Pearl Conifer Green
- Cyclone Blue Metallic

# SJ50 BALI

## Specifications

### Specifications

### SJ50 BALI (IT-, GB-, F-, D-, B-, PO-, SP-, SW-, 2PO-types)

Engine	Air-cooled 2-stroke single
Bore × Stroke	39 × 41.4mm
Displacement	49cm <sup>3</sup>
Compression Ratio	7 : 1
Carburettor	12mm piston-valve type
Max. Power Output	3.6kW/6,750min <sup>-1</sup>
Max. Torque	4.9Nm/6,500min <sup>-1</sup>
Ignition	Capacitor discharge (CDI)
Starter	Electric/Primary kick
Transmission	V-Matic
Dimensions (L×W×H)	1,765 × 715 × 1,115mm
Wheelbase	1,260mm
Seat Height	770mm
Ground Clearance	125mm
Fuel Capacity	7 litres
Wheels	10 × MT2.50 cast aluminium
Tyres	Front/Rear 100/90-10 (tubeless)
Suspension	Front Trailing link with TLAD system, 64.6mm axle travel Rear Unit swingarm, 76.9mm axle travel
Brakes	Front 190mm hydraulic disc with dual-piston calliper Rear 110mm leading /trailing drum
Dry Weight	86kg D-, SW-types 87kg
