

# **2003 SILVER WING PRESS INFORMATION**

The world of scooters has certainly seen some major advances over the last few years. Initially offering only small, convenient two-wheelers designed only to get you from one side of town to the other, this world has suddenly expanded to include big, luxurious commuters that can carry two and a large load over long distances with superlative ease. Honda's remarkable Silver Wing takes its place at the high-performance edge of this spectrum with a specially designed 600cc liquid-cooled, fuel-injected DOHC parallel-twin engine that delivers a breathtaking rush of power and acceleration. Its ample, yet sleekly styled proportions carry rider and passenger to exciting new levels of comfort and performance that can be enjoyed all day long. And with superb wind protection, a cavernous under-seat storage space and the smoothly efficient operating confidence of its V-matic stepless transmission and Combined Brake System, the exciting Silver Wing extends the pleasures of long-distance riding to the user-friendly scooter class, and opens a delightful new door to all the wonders of the road.

## **Colours**

- Force Silver Metallic
- Candy Wine Berry Red
- Pearl Great Blue
