

# **2004 JAZZ ES-ABS PRESS INFORMATION**

Like the standard Jazz, the Jazz ES-ABS offers an exciting blast of big city big scooter riding enjoyment and impressive style, but combined with the added features of supremely confident Combined Antilock Brake (Combined ABS) control. The Jazz ES-ABS also exclusively features Honda's advanced Energy Saving system, which reduces engine noise, emissions and fuel consumption by actually stopping the engine when idled for more than a few seconds, then automatically restarting it the instant the throttle is turned to go again. A remarkable advance in scooter operation and riding enjoyment, the Jazz ES-ABS gives you unmatched combination of leading-edge technology and cutting style in a real work of the riding arts.

## **Colours**

- Force Silver Metallic
- Interstellar Black Metallic
- Pearl Montana Blue

| <b>Specifications</b> | <b>Jazz ES-ABS (ED-type)</b>                                                                                                                                                      |
