**2008** Press Information

## Introduction

With its low seat height, low-maintenance 72cc air-cooled single-cylinder four-stroke engine and easy-shifting 3-speed semi-automatic transmission, the exciting CRF70F makes a great introduction to off-road motorcycling. Also offering the confident control of an easy-handling front fork and monoshock rear suspension, the CRF70F really catches the hearts of young riders with good times and fast fun from dawn to dusk.

### Colours

- Extreme Red (with White number plate and sidecovers)

## Features and Benefits

### Engine/Drivetrain

- Fuel-efficient SOHC 72cm<sup>3</sup> 4-stroke engine offers easy-to-use power and a high level of dependability.
- 13mm piston-valve carburettor offers excellent rideability and high fuel-mileage.
- Closed crankcase vent system safeguards against engine oil contamination.
- Automatic camchain tensioner.
- Maintenance-free Capacitor Discharge ignition (CDI).
- Quiet exhaust silencer equipped with effective spark arrester.
- Tough and durable #420 drive chain.
- Constant-mesh 3-speed transmission with automatic clutch for easy takeoffs and shifting.

### Chassis/Suspension

- Lightweight and rigid backbone frame configuration.
- Smooth-action 27mm front fork provides 90mm of suspension travel for confident control over rugged trails.
- Triangulated swingarm with single shock is tough and compliant, and offers 90mm of rear wheel travel.
- Compact and lightweight front and rear leading/trailing shoe drum brakes for confident control.
- Rugged knobby tyres offer excellent grip and long life.

### Additional Features

- Engine design produces low emissions to meet the toughest off-road emissions standards.
- Keyed ignition switch provides added security.
- CR-style seat shape accommodates a broad range of rider sizes.
- Small and lightweight feel combines with low seat height to inspire confidence in younger riders.

- Tough and durable plastic body parts.
- Motocross-style handlebar with crossbar.
- Folding, cleated footpegs offer secure footing even in muddy conditions.
- Silver-painted frame and footpegs.
- Front suspension features dual-rate springs for improved rider comfort and bump absorption.
- Chromed, steel-spoke wheels combine with Honda Racing styling and graphics to project the aggressive look of the bigger CRFs.
